

Reception (so far)

Reactions

- Few comments, but all positive
 - Most anecdotal when chatting with awardees
- Appreciative of the recognition program

“[the letter] served as very persuasive evidence for our move to OER on the project, which helped us gain support for submitting the ACCA application this summer.”

Use of medals

Welcome to VCU Writes!

This is the [Department of Focused Inquiry](#)'s open educational resource site. Our goal is to provide materials that will enhance your academic research, writing and learning experiences. Use the menu above to access our citation style guide as well as links to resources addressing topics such as research, academic integrity, writing, critical thinking, and multimodality.

Read work from students in our classes

Impact on P&T

- Still too early to tell
 - ▷ We only launched in the spring, so this is the first P&T cycle
- Did have one say they wanted to include in P&T
 - ▷ Asked for letter from Associate Dean/Dean
 - ▷ Offered in announcement email, as admin may have more weight than me as librarian and program manager
 - ▷ Submitted documentation last month - we'll see what impact it has!
